

OGDEN MUSEUM  
OF SOUTHERN ART  
EDUCATION  
DEPARTMENT

**Ogden After Hours  
O-riginal Art Activity:  
Geometric Collage  
Inspired by George Andrews**

*Scramble Art*, Andrews, George, 1989 circa,  
Oil and collage, Gift of the Benny Andrews  
Foundation

**George Andrews** was the patriarch of a highly creative family of artists and writers, who were deeply rooted in rural Georgia. Adorning rocks, furniture, women's shoes and "anything that did not move," with bold, colorful dots, he became known as "The Dot Man".

Use geometric shapes and dots to create your own dot work.

**Supplies List:**

Color paper, Glue sticks, Markers, Scissors, White Card stock

**Instructions:**

**Step 1:** Draw triangle shapes using a ruler and a pencil.

**Step 2:** Cut out the triangles with a pair of scissors.

**Step 3:** Arrange the triangles on the white background paper.

**Step 4:** When you decide on a placement, glue the triangles using a glue stick.

**Step 5:** Use markers to draw dots and geometrical shapes to fill up the paper as George has done.
